

PHOTOGRAPHIC WORKS, JEWELLERY QUARTER, BIRMINGHAM

MetStructures are supplying the Hot-Rolled podium and Light Gauge Steel Framing System above for this 4-storey project.

MetStructures logistics and construction teams input has been critical to the site programme and planning.

FEATURES:

- Site accessed from narrow one-way road
- 4-storey structure
- Partial ground floor hot-rolled podium with composite concrete deck to first floor
- Feature brick façades
- Mansard windows

SUMMARY

MAIN CONTRACTOR: Mac Group
PROJECT LOCATION: Birmingham
DEVELOPMENT USE: Residential Apartments
FLOOR FINISH: Concrete deck
ROOF DESIGN: Purlin & steel deck
SITE PROGRAMME: 10 weeks
